Mission
To provide flexibility, convenience and competency by offering testing training through, online & corporate training method.

Vision
To offer the best, accessible and affordable testing training programs to IT aspirants and professionals in India, US, Canada, UK, Australia and Arabic countries.

WE AIM TO ACHIEVE?

✓ To make testing training and testing education accessible, and affordable to all.

✓ To bridge the gap between demand and supply of software testing professionals in the IT industry, India and abroad.

✓ To offer the best-in-the-class and affordable software testing training programs.

✓ To relay and share the testing knowledge gained by the trainers during their work on testing projects across platforms and software.

✓ To create, nurture and strengthen software testing training in India and abroad.

✓ To promote discussion and debate on all issues relating to testing, theory and practice.

✓ To foster a community of testers, local, national and international for mutual benefit and progress.

✓ To seek and publish jobs and opportunities in the domain of software testing and testing training.

✓ To establish a benchmark for quality testing training
